

Fluxaf Mould & Mildew Stain Remover.

Biodegradable Fluxaf Mould & Mildew Stain Remover is designed to professionally remove tough stains from mould and mildew. It is safe and effective on practically all in and exterior surfaces. The Fluxaf formula works fast and protects against new stain as it cleans.

Use Fluxaf Mould & Mildew Stain Remover for stains in your:

- Bathroom
- Shower doors
- Patio
- Shed
- Sink
- Vinyl curtains
- Wooden surfaces
- Boat
- Camper
- And many more

Not recommended on varnished surfaces.

Directions

Remove the mold and mildew stains in 4 easy steps.

Always test the effect of the product on a inconspicuous area first!

1. Spray Fluxaf Mould & Mildew Stain Remover on the stained surface until thoroughly wet.
2. Allow the product to work for 5 minutes.
3. Wipe and rinse the surface with a wet cloth or sponge
4. Tough stains can be removed using a brush.

Caution

- Causes serious eye irritation.
- Wear protective gloves/protective clothing/eye protection/face protection.
- IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- If eye irritation persists: Get medical advice/attention.
- Wash hands thoroughly after handling.
- Keep Out of Reach of Children

Stains imbedded in old grout, silicone caulking or hard water deposits may not be removed by Fluxaf Mould & Mildew Stain Remover because the product can't reach the stain properly.

To prevent the forming of mould and mildew stains, spray a mist of the product on the problem area every 1 to 2 months without wiping the surface.
